WORKFLOW STATUS

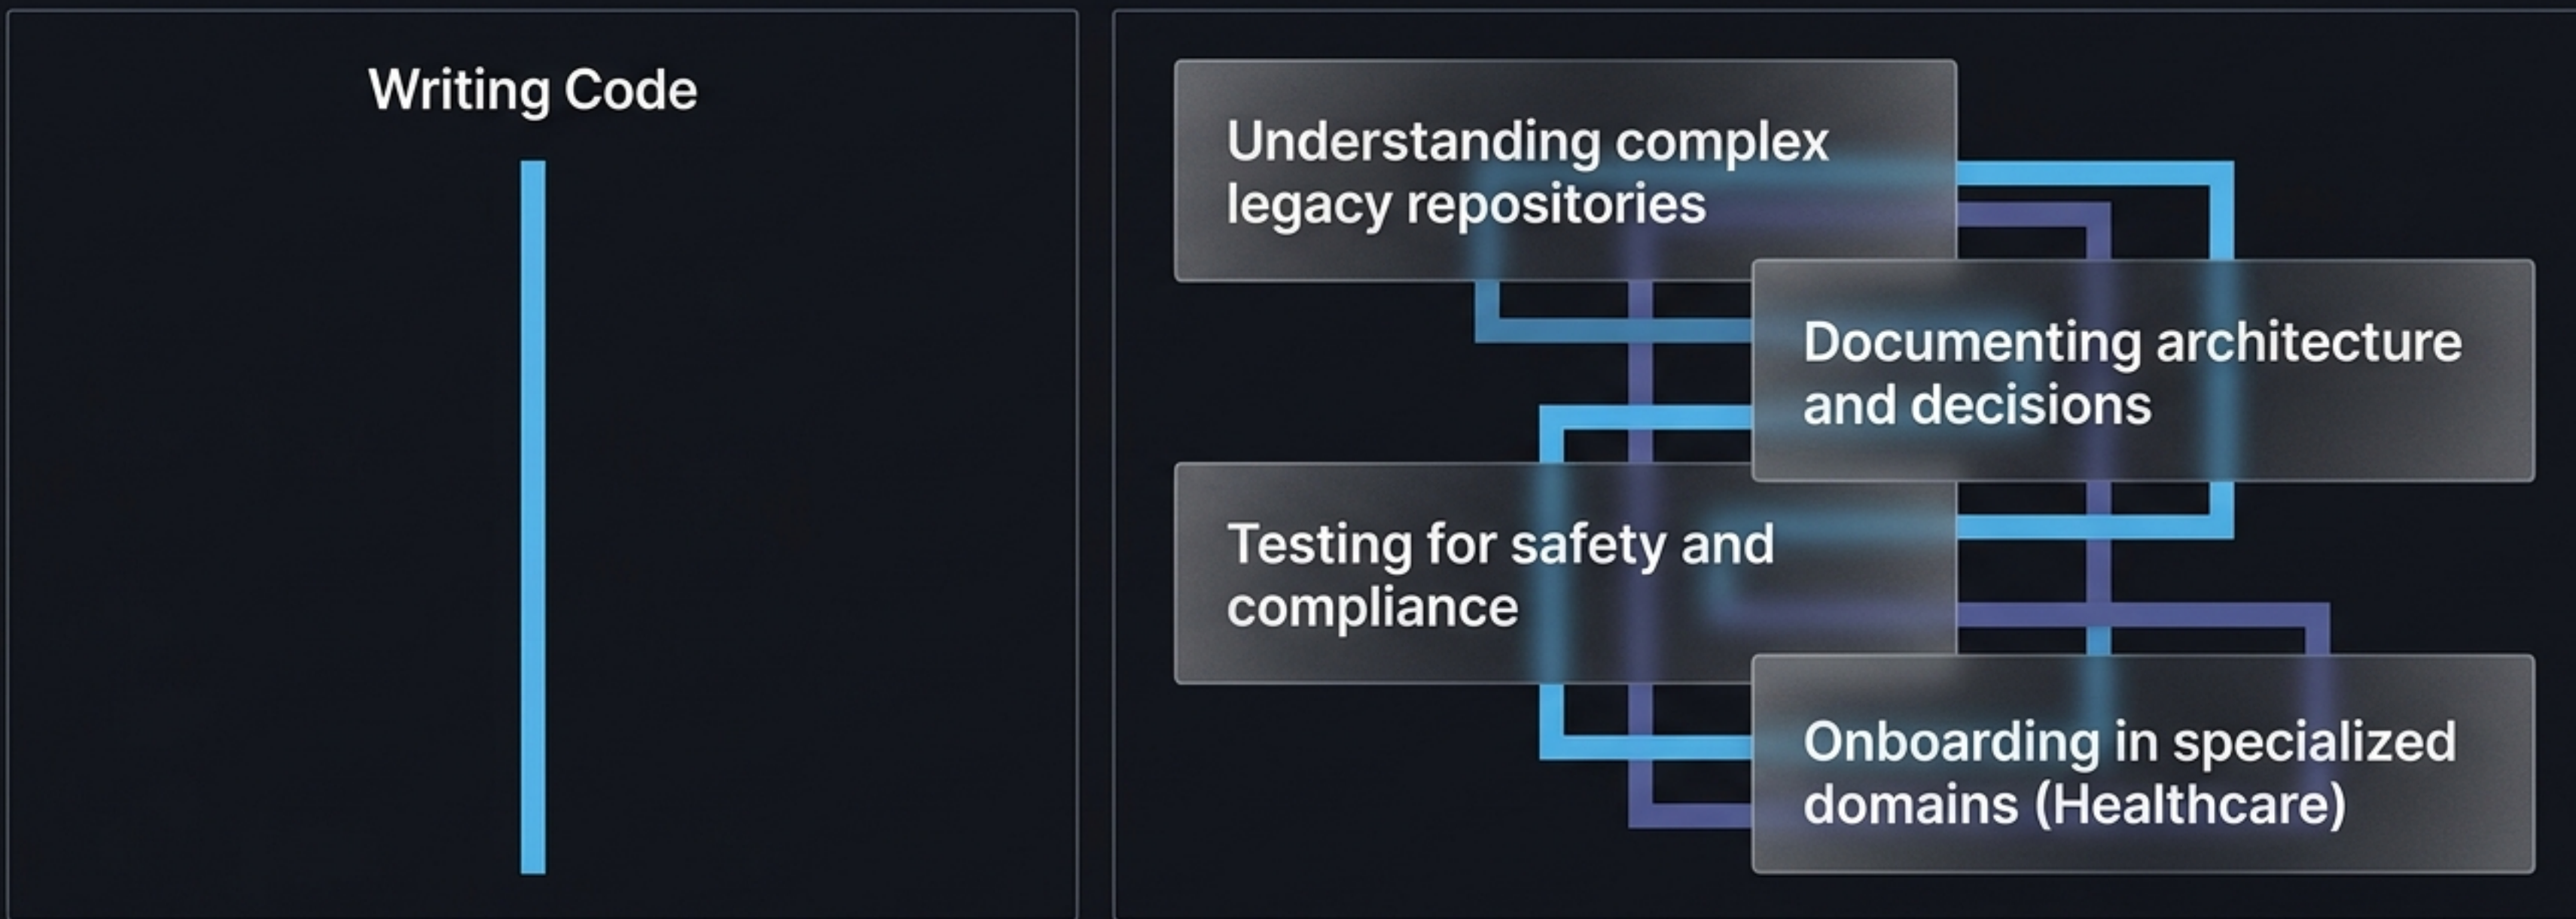

SOPHIECARE BOB ACCELERATOR

Built faster. Smarter. Together with **IBM Bob**.

Romina Cattaneo | Team: SophieCare Labs

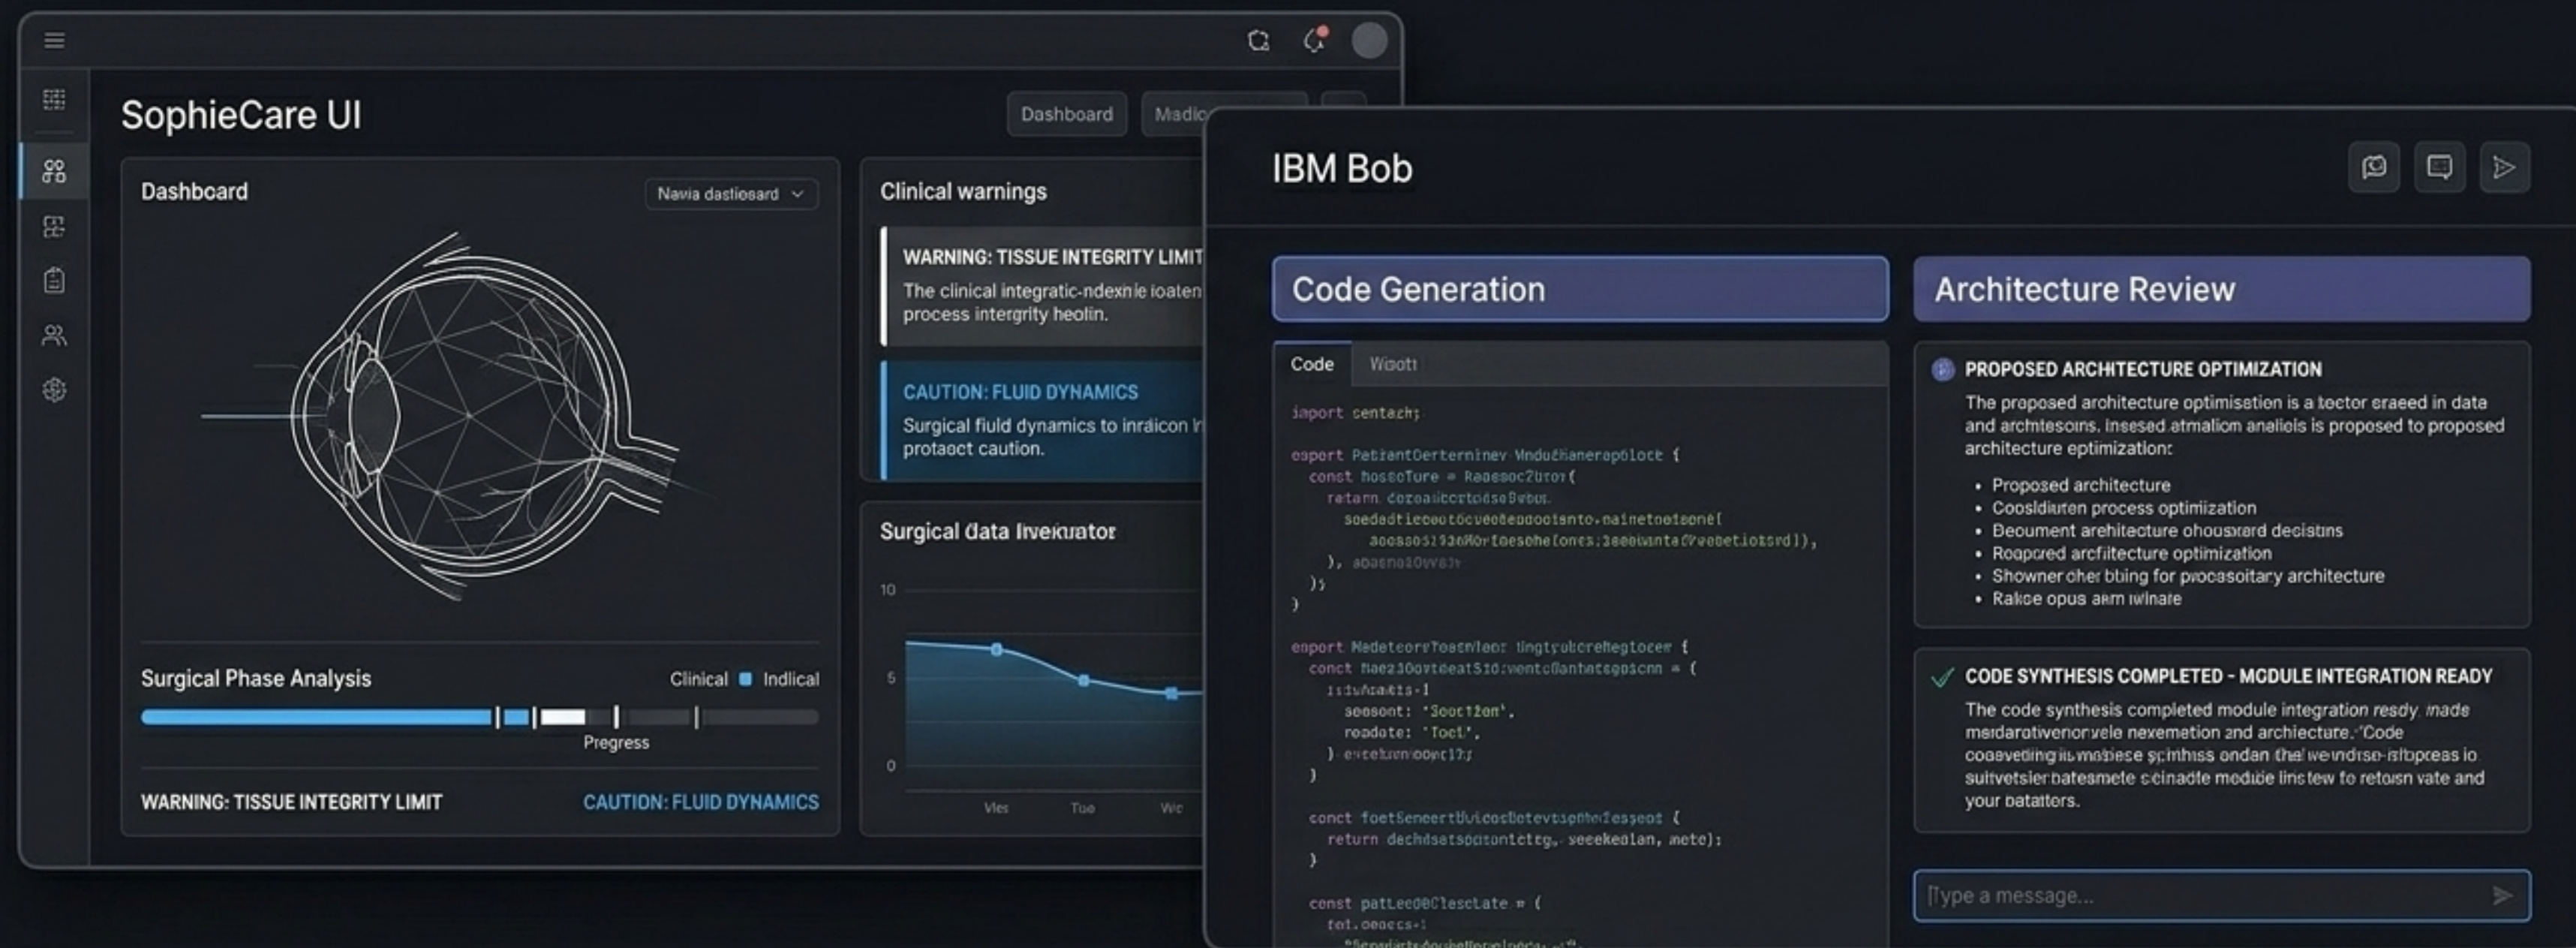

The Hidden Developer Friction

Coding is only 20% of the job.

Result: Lost time. Delayed impact.

Idea to Impact. Accelerated.

Target: SophieCare AI Surgical Co-Pilot
(Ophthalmology Training)

Engine: IBM Bob
(AI-Powered Development Partner)

Making Bob's Impact Verifiable

1. Prompt Playbook
(Strategic Guidance)

2. Session Logs
(Agent Reasoning Trace)

3. Evidence Center
(</docs/ibm-bob/exports/>)

Nothing hidden. Fully documented public repository.

The Architecture of Speed

AI Dev Partner:
IBM Bob

Framework:
Next.js & React

Type Safety:
TypeScript & Zod

Styling:
Tailwind CSS

Deployment:
Vercel (Free-tier
friendly)

Prepared for: LangChain • Hugging Face • Chroma (RAG) • YOLO

Quantifying Development Value

Bob Alignment

Developer Value

Demo Readiness

Business Impact

Key Wins:

- ✓ Automated Documentation
- ✓ Proactive Test Suggestions
- ✓ Safer Refactoring Workflows

Scaling the Future

Phase 1: Accelerated Prototype (Today)

- Codebase Mastery via IBM Bob
- Automated Development Workflows

Phase 2: Clinical Integration (Tomorrow)

- RAG Knowledge Bases (Chroma)
- Live Computer Vision (YOLO)
- Medical Validation & Supervision

Built Faster. Smarter. Together.
